Organized by

Department of Biotechnology Engineering

UDUPI District-574110, Karnataka, INDIA

## About the Conference

International Conference on Emerging Trends in Engineering (ICETE-2021 A multi-conference platform) will be held on 19th & 20th November 2021 at NMAM Institute of Technology, Nitte, Karnataka. The idea of multi conference platform has been mooted in order to focus on the specific issues associated with various Engineering fields

NMAM Institute of Technology, Nitte has been organizing International Conference on Emerging Trends in Engineering (ICETE) annually. ICETE aimed to provide a proper platform for Research scholars, Post Graduate students of Engineering & Technology and Industry professionals to deliberate, explore and contribute their research findings and to discuss the latest developments in the field of Engineering & Technology. Invited technical talks by eminent personalities from IIT and Foreign Universities on current topics of relevance, in different streams of engineering were also organized to help the participants in up-gradation of their knowledge about the recent advances in Engineering & Technology.

This year, ICETE-2021 - A Multi Conference Platform will be held as a collection of several International Conferences with themes specific to different engineering streams organized under a single umbrella.

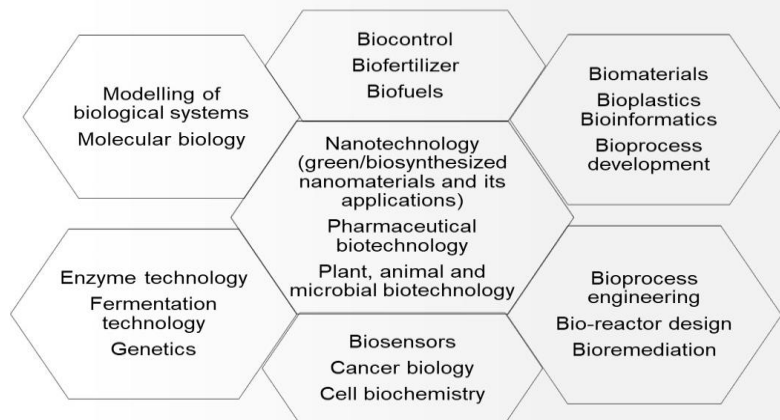

International Conference on **Nurturing Innovative Technological Trends in Engineering – BIOscience (NITTE-BIO 2021)** is a platform for the exchange of knowledge from both individual and interdisciplinary types of research pertaining to various areas of Biotechnology. This international Conference aims to bring together the researchers, scientists, engineers, scholar and students for providing an international forum for the dissemination of original research results in the area of various strategies employed in health and environment for the societal benefit.
